**Aleksandar Anatoliev Uvarov**

On the first day we got up early in the morning and went to school for the meeting ceremony of all countries. When we went there the ceremony started watching the presentations of the different countries, learning about their

religion, culture ect.

After that we danced and sang traditional songs for every country. We had lunch. Did an international game about the codex of friendship. And after that we finished and went home for a rest.

On day 2 we were on a trip to Lovech-Veliko Turnovo and Troyan Monastery. In Lovech we saw the covered bridge and learned about its history. In V. Turnovo we visited the church Saint 40 Martyrs. We saw the beautiful columns and learned about its history.

Visited Troyan Monastery and after that we went back to Pleven.

On day 3 we were in school. It was the 1st of March which is a traditional Bulgarian spring holiday. We taught the students from the other countries how to make "martenica" and what does it represent.

We also visited the Panorama monument, which is a museum in Pleven and saw the beautiful pictures on the last floor of the building - it was amazing.

On the next day we went to the capital of Bulgaria – Sofia . Visited the cathedral temple "St. Alexander Nevski" and the National Historical Museum. We saw alot of amazing things there and Irealy liked it in The cathedral Al.Nevski cause the atmosfere in there is so calm and relaxing.

Then we finished the trip and went back home to Pleven after the long and exhausting travel.

03.03.2017 The last day of the project we got up in the afternoon and went to the centre of Pleven to watch the ceremony for the Bulgarian national liberation day. After that we went to school for a meeting we had a photo contest (in witch I won first place), Certificates were given to the students from the other countries and then we went home and started prepairing for the Farewell formal dinner in traditional folk atmosphere. It was very funny and very sad at the same time cause we knew it was all coming to an end. But in all that I made a lot of new friends and I will keep on communicating with them as much as possible - this wasn't the end, this was just the beggining.
